Re: Adopting Resolution 2648 (2022) by 10 Votes in Favour, 5 Abstention, Security Council Renews Mandate of Expert Panel, Eases Arms Embargo on Central African Republic

Dear Registrant,

The Compliance Commission wishes to inform that the Security Council extended its arms embargo against the Central African Republic — as well as a travel ban and assets freeze imposed on certain individuals and entities, as designated by its sanctions committee — for one year, eased some of the embargo's restrictions and renewed for 13 months the mandate of the Panel of Experts tasked with assisting that body.

Adopting resolution 2648 (2022) under Chapter VII of the United Nations Charter by a vote of 10 in favour to none against with 5 abstentions (China, Gabon, Ghana, Kenya, Russian Federation), the Council decided to extend until 31 July 2023 the measures obliging all Member States to take steps to prevent the supply, sale or transfer of arms and related materiel — as well as technical assistance, training, financial or other assistance related to military activities.
